Abstract

Compounds of formula (I)

$$\begin{array}{c}
O \\
N \\
CO_2P_2
\end{array}$$

$$\begin{array}{c}
A \\
L \\
B
\end{array}$$

$$\begin{array}{c}
B \\
\end{array}$$

$$\begin{array}{c}
O \\
CO_2P_2
\end{array}$$

or therapeutically acceptable salts thereof, are selective protein tyrosine kinase-B (PTP1B) inhibitors. Preparation of the compounds, compositions containing the compounds, and treatment of disorders using the compounds are disclosed.
